

PRINCIPLES

- Camosun College programs and courses
 reputation as a provider of sound educational programs and courses that are recognized in the
 BC colleges and institute system and beyond.
- 2. College programs and courses will reflect the organizational and educational goals of Camosun Strategic Plan.
- 3. Programs and courses will be reviewed in a rigorous and open manner in order to ensure quality while addressing educational needs of the Camosun College region.
- College programs and courses will be developed in response to identified educational needs.
 The Education Approvals process will strive to enhance the student learning experience and outcomes.
- To address extraordinary dircumstances whereby curriculum changes need to be implemented out-of-cycle based on published Education Approvalstimelines, the college may expedite implementation of approved curriculum.
- In response to more immediate and changing educational needs for which government does not
 provide funding the College will endeavour to provide self-funded programming where feasible.

Specific Policy Requirements

- 1. All credentials issued by the College must receive approval of Education Council. All credentials issued by the College must meet the standard defined by the College.
